UPRISING OF GERMAN RESERVISTS  
WAS NIPPED EARLY IN THE WAR

(By Associated Press.)  
WASHINGTON, D. C., May 30.—Attorney General Gregory has instructed United States attorneys and marshals throughout the country to use their utmost efforts to arrest and prosecute all persons responsible for the agitation which has manifested itself in localities from New England to Texas against the registration June 5 of men subject to selective draft.

This agitation has made itself felt somewhat in many sections, but thus far there apparently is little connection between the outbreaks. Officials have undertaken an exhaustive investigation to determine if the whole anti-draft sentiment is not rooted in extensive machinations of German propagandists in this country having a central headquarters.

Color to this theory is lent in some degree by the marked similarity in the methods of procedure in widely

separated communities. Some officials believe that the entire agitation is manufactured by German agents who, baffled in their original program calling for an armed uprising of German reservists in this country upon America's entry into the war, have turned their energies to this method of hindering the military plans of the government.

If such is the case the conspiracy will come to nothing, officials believe. The department of justice, it is authoritatively announced, expects virtually 100 per cent of eligibles to register, and prompt prosecution under the criminal provisions of the law will be instituted in the few cases where the law is not observed.

To bring out the full registration, Attorney General Gregory invites the entire nation to constitute itself a committee of the whole and every man of military age a committee of one to report slackers.

"Attorney General Gregory invites all young men of the country to cooperate in the enforcement of the law as a part of their patriotic duty," reads an official statement. Determined to crush in incipient every movement designed to thwart or interfere with registration as provided for in the law, the department is having its officers throughout the country arrest promptly all agitators against compliance with the law.

Men who wish exemption from draft may claim it before local exemption boards regardless of whether they answer "yes," or "no," to the question "do you claim exemption from draft," before registration officials next Tuesday.

"The answer of 'yes,' to this question does not exempt one from draft," said Provost Marshal General Crowder, "and the answer 'no' is no bar to making a claim for exemption later."

President Wilson's war message of April 2 will be handed to every man who registers as he leaves the registration places by women working under the direction of the women's committee of the council of national defense, by Dr. Anna Howard Shaw. The expense of printing and distributing the documents will be borne by Mrs. Emma Blaine, of Chicago, daughter in law of James G. Blaine.

People of Germany More  
Loyal to the Kaiser Than  
Democrats Are to Wilson

(By Associated Press.)  
NEW YORK, May 30.—Dr. David Jayne Hill, former ambassador to Germany, in an address to the trustees of the American defense society, warned that Germany is far from defeat, and discounted the theory that the Hohenzollerns alone are responsible for that country's imperialistic ambitions. He asserted that the present war is a struggle of political systems.

"The people of Germany," declared Dr. Hill, "are more loyal to the emperor than the Democratic party is to President Wilson today. The president has said that we have no hostility towards the German people, but do not the German people support the imperial German government to a man? Didn't a wave of general rejoicing go through Germany when the Lusitania went down? How many Germans in Germany can you find who are not imperialistic? I have never found one."

"This," added Dr. Hill, "is going to be a different world if the central powers win the war. And it is by no means certain that they will not. Unless we conscript ourselves for this battle and lay our wealth and our lives at the altar of the defense of our institutions we will find our descendants in the vortex of world dominating schemes of autocracy."

Prof. Albert Bushnell Hart, of Harvard, in an address to members of the executive committee of the national security league, sounded a similar warning. The danger confronting the United States is as great as that of 1776, he said, "and not one-third of the people realize it."

VILLA CAPTURES  
A BORDER TOWN

(By Associated Press.)  
PRESIDIO, Texas, May 30.—A Villa force attacked Ojinaga, opposite here early today, surprising the Mexican garrison and causing them to flee to the American side, leaving their arms. Captain Pedro Ornelas and two soldiers of the garrison, who were wounded during the fighting, were brought to the American side. All women and children escaped across the border.

Ojinaga now is in possession of the Villistas. The fighting occurred in the plaza. The capture of the town will give Villa a border port of entry to the United States. His main command is reported at Polvo, 20 miles east.

Customs officials said Villa led the attack. Many government troops surrendered.

REVOLUTION URGED  
BY GERMAN STATE

MINORITY OF WURTEMBERG  
ELECTORS WANT A REVOLU-  
TION DECLARED

(By Associated Press.)  
WASHINGTON, D. C., May 30.—A considerable sentiment for revolution in the German state of Wurtemberg is reflected in news stories published in the Frankfort Zeitung. An official dispatch today quoted the paper as saying on May 25 that a minority of the Social-Democratic party in the state had bolted because the majority refused to advocate a revolution. The minority joined the Independent Democrats.

WISCONSIN CITIZENS  
ASHAMED OF NAME

PREFER INDIAN NAME OF MAU-  
COUTIN TO THAT OF  
BERLIN

(By Associated Press.)  
BERLIN, Wis., May 30.—Citizens are seriously considering changing the name of this place. While dozens of United States cities bear the same name, the agitation assumed definite shape here first to get away from its namesake across the ocean. The Indian name of Mascoutin, the tribe which located the townsite, is suggested.

COPENHAGEN, May 30.—The Berlin Tageblatt quotes the Kaiser as telling the troops during his recent visit to the Arras front that "a decision lies near at hand."

MEMORIAL DAY  
ON BIG SCALE

OBSERVED ON GRANDER SCALE  
THAN FOR THE PAST  
THIRTY YEARS

(By Associated Press.)  
NEW YORK, May 30.—Memorial Day was celebrated on a greater scale than any time since 1898. Major General Franklin Bell and Governor Whitman reviewed the main parade with 18,000 in line. Forty thousand public school boys were in another parade. Seventy-five thousand marched in Brooklyn and a parade of 30,000 was held in the Bronx.

(By Associated Press.)  
DETROIT, May 30.—Over 5000 Poles bearing banners denoting their allegiance to America, marched with the Civil War veterans. After the parade about 100 Polish marchers enlisted in the army and navy.

WEEKLY REPORT SHOWS A  
BETTER CONDITION OF U.  
BOAT MENACE

(By Associated Press.)  
LONDON, May 30.—The weekly report of British vessels submarined again shows a favorable total. Long days and summer weather favor warfare on submarines and the admiralty is taking full advantage. Eighteen British merchantmen over 1600 tons, one under, and two fishing vessels, were sunk during the week.

"This is a Time When Words Sound  
Empty; Only Action is Great."—President Wilson

(By Associated Press.)  
WASHINGTON, D. C., May 30.—The president spoke informally at Arlington this morning. He declared that the time has come for action by this nation and he has no fear of the part America will play in the world war.

"In the province of God," he said, "America once more has the opportunity to show the world she was

EAST ST. LOUIS  
RIOTS WORSE

NATIONAL GUARDS CALLED OUT  
TO PRESERVE ORDER IN  
RACE RIOT

(By Associated Press.)  
EAST ST. LOUIS, May 30.—The second night's race riots resulted in three whites and two negroes being wounded by bullets. Several negroes were beaten and half a dozen negro homes were burned.

Race rioting continued last night, despite many precautions to keep down trouble and the presence of eight companies of the Illinois national guard patrolling the streets.

After the trouble Monday, in which negroes were dragged from street cars and sidewalks and shot and beaten, Mayor Wollman ordered all saloons and public places to close at 6 o'clock and private citizens were ordered to keep within doors. The shooting last night apparently were sporadic outbreaks in which two negroes were chased and shot.

Throughout the day a close watch was kept on the bridges connecting St. Louis, Mo., with this city, and many arrests of negroes were made. Eight negroes in one automobile attempted to cross into Illinois from the free bridge, but were arrested. Six pistols and 500 cartridges were taken from them.

Three white men were shot by negroes late last night and the situation appeared to be getting graver hourly. Negroes, armed with shotguns, rifles and revolvers, massed in their sections of the city, and several clashes occurred. Electric lights were shot out and false fire alarms were frequent.

BEGS FOR ARMS TO MAKE  
THEM A MATCH FOR  
THE ENEMY

(By Associated Press.)  
PETROGRAD, May 30.—A congress of delegates from the front adopted resolutions stating the army in the trenches declares it necessary to put an end as quickly as possible to the carnage and conclude peace without annexation or indemnities. The army declares it has fought under conditions infinitely worse than the other allies and insists that the Russian front be supplied with munitions and everything necessary to maintain the principle that "the more metal the less gun fodder."

The army points out that it has had to march almost unprotected against the enemies' bullets, break down bare arms barbed wire entanglements which the allies and enemy pass freely after artillery preparations.

The congress says the army appeals to all to whom free Russia is dear, to rally around the council of soldiers and workmen's delegates, and the provisional government and not to permit "adventurers to let the army become manure for foreign fields."

NEWSPAPER MAIL  
RATES AMENDED

(By Associated Press.)  
WASHINGTON, D. C., May 30.—Administration influence has been brought to bear in favor of amending the war tax bill to increase the postage rates on newspaper, magazines and other publications enjoyed the one-cent a pound rate. Postmaster Burleson urged the senate finance committee to adopt the amendment increasing second class rates according to Senator Hardwick's plan, which calls for a tax ranging from three to eight cents per pound upon the advertising portion of publications, retaining the present rate only on news space.

SOCIALIST GATHERING  
POSTPONED ONE MONTH

(By Associated Press.)  
AMSTERDAM, May 30.—The Socialist conference at Stockholm was postponed until July 14th and possibly later. The time depends on the arrival of the French and Italian delegations.

(By Associated Press.)  
WASHINGTON, D. C., May 30.—The Italian commissioners believe the fall of Trieste is inevitable. They say this is merely a side issue to the main attempt which is directed toward opening the roads to Ljubach, which in turn leads to Vienna.

(By Associated Press.)  
ROME, May 30.—The Italians have gained on the Trieste front, extending their lines west of Medezza.

(By Associated Press.)  
On the southern end of the line near the head of the Gulf of Trieste in the Austro-Italian theater, the Italians for the moment have paused in their titanic effort to push forward to Trieste and heavy fighting again is in progress to the north around Gorizia, Plava, and the Vodic. East of Gorizia and on the Vodic the Austrians attempted to carry the offensive to the Italians but the military fire of King Victor Emmanuel's men stopped the assault and in the last named sector the Italians themselves delivered an attack and notwithstanding stubborn resistance, made progress on the southeastern slope of Hill 56. Likewise in the Plava sector the Austrians were driven back and lost 100 men and made prisoners.

Around San Giovanni and Duino, at the lower end of the line, the Austrians heavily bombarded the Italians in their positions and ineffectually tried to oust them. Both sides are claiming the capture of large numbers of prisoners since the new battle from Tolmino to the sea began. The Italians asserted that they have taken 25,000 and the Austrians 14,000.

OPPOSITION TO DRAFT  
DESCRIBED AS TREASON

(By Associated Press.)  
KANSAS CITY, May 30.—Every investigating agency of the federal government in Kansas City has been assigned to the task of learning if reasonable motives are responsible for injunction proceedings seeking to restrain operation of the army draft registration law, which were filed in the state circuit court. Hearing on the petition has been set for Thursday at the request of J. D. Showalter, attorney for the petitioners who declared his presence in the state capital was necessary today so he might prosecute a mandamus suit which he declared would be filed there against Governor F. D. Gardner and the state adjutant general, who, his petition says, "have been acting in an oppressive manner."

As a result of anti-draft agitation in this district, a special United States grand jury has been called for June 6 to consider cases growing out of violations of war legislation. The application sets forth that

SOME STUPENDOUS MOVE IS

(By Associated Press.)  
DATELESS—A pronounced pause in major activities gives the impression of preparing for a new phase. Both sides are resting in France, where aerial activities have subsided and only the Italian front remains active. The Germans, apparently, are looking for some new movement which probably will be a renewal of the British and French attack on a large scale.
